Technician Training Opportunities With HC-CARGO

Technician Training With HC-CARGO's Reward Programme

Would you like to unlock the potential of your workforce with quality training programmes from the leading vehicle systems experts?

Now you can with **HC-CARGO**. With our rewards programme, you can reward your staff (and yourself!) with high quality training in a wide range of skills for the vehicle workshop, from electrical systems to customer care.

Give your technicians a step up ahead of the competition with an opportunity to learn things that other technicians don't know!

Learn key skills at one of several Bosch training facilities across the country.

Bosch has a flagship state of the art training centre situated in Uxbridge.

Built to Bosch's Global Training Centre standards, the Service Training Centre offers 2,000 square metres of space overall with 4 dedicated classrooms and 1,000 square metres of workshop space.

The Service Training Centre in Uxbridge

Earn and Learn The competitive edge

With modern vehicle systems becoming increasingly more complex, keeping your technicians up to date on modern vehicle systems is crucial to running a successful business.

With help from **HC-CARGO's** reward programme, you can keep your technicians ahead of the curve and make sure they're prepared to face the challenges of the modern motor vehicle industry.

Give your staff the confidence to carry out their work to a high standard and give your customers the confidence in knowing the job is done right first time.

With trusted **CARGO** parts on your shelf and Bosch trained technicians in your workshop, your business has the ingredients for success!

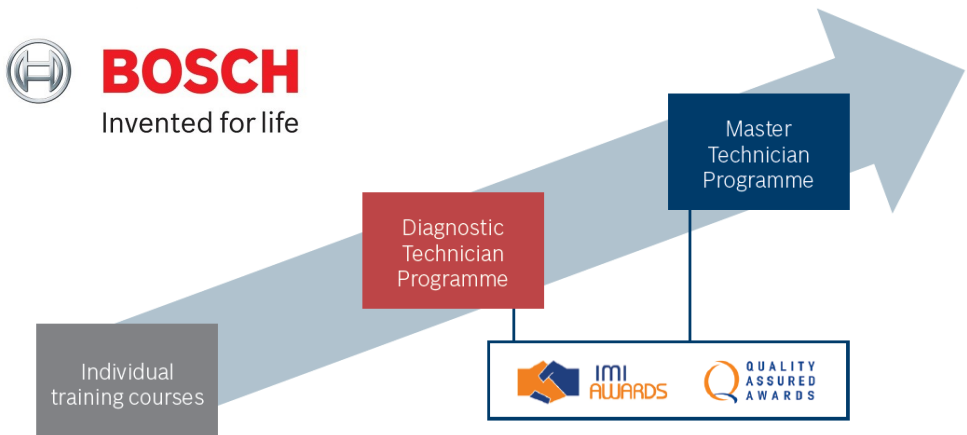

The Bosch Training Offer

Services designed to meet your needs

HC-CARGO recommends Bosch training courses because we believe in 'learning by doing' and this is just what your technicians will do on a Bosch course. With tailored theory and practical content, you know your technicians are learning skills relevant to their day to day work and the skills to handle the unexpected!

Once you've experienced the benefits Bosch training can bring, why not consider expanding your technicians knowledge even further with the Bosch Diagnostic and Master Technician Training Programmes? Both of these programmes are IMI Awards validated and audited, providing the platform for assessment success.

HC-CARGO
